

Lac qui Parle County

**600 6th Street
Madison, MN 56256**

Email: gis@lqpc.com

July 2012

Lac qui Parle County's public-access Geographic Information System (GIS) interactive mapping website makes available only a very limited index of land-related data and layers. At this time, Real Property Tax Parcel information is NOT available due to widespread inaccuracies in this GIS data. The County is working toward a long-term project to redefine the parcel data in GIS, however, this will take years to accomplish as more than 7,000 individual tax parcels will need to be re-drawn over time. Until this data becomes more accurate and reliable, the County will not distribute any such data. If you have any questions or concerns regarding this position, please email gis@lqpc.com and a representative of LqP GIS will address your comments. Thank you for your understanding!

For other real property information already available online, please visit <http://parcelinfo.com/>

For information regarding real property legal descriptions and recorded documents, contact the County Recorder at 320-598-3724

For information regarding real property tax statements and related content, contact the County Auditor-Treasurer's Office at 320-598-3648
